

# St John's Way Medical Centre Housing Letters

August 2008

Dear patient

Our current policy regarding requests for letters for housing is that we are very happy to help with housing applications as detailed below.

The system is as follows:

This has recently been checked with the housing office and it has been confirmed that this is the system they operate.

If there are any details regarding your medical condition(s) which you think are important & would like the doctor to be aware of with regard to your application, please write these down and leave them at reception. They will pass them to the doctor concerned so that the doctor is aware of them at the time of completing the form.
